

graphsat::CounterConstraint
Factory::createDiaCounterConstraint

```
graph LR; A["graphsat::CounterConstraint  
Factory::createDiaCounterConstraint"] --> B["graphsat::PointerData  
::addPointer"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'graphsat::CounterConstraint' and 'Factory::createDiaCounterConstraint'. The right box is white and contains the text 'graphsat::PointerData' and '::addPointer'. A blue arrow points from the right side of the left box to the left side of the right box.

graphsat::PointerData
::addPointer
