

graphsatsat::writeAdd

```
graph LR; A[graphsatsat::writeAdd] --> B[graphsatsat::CAS];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'graphsatsat::writeAdd'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a black border, containing the text 'graphsatsat::CAS'.

graphsatsat::CAS
