

```
unordered_map< int,  
  pair< vector< T >,  
    vector< int > > >
```

```
vector< vector< T > >
```

head\_part\_elements

body\_part\_elements

```
graphsat::StateSet< T >
```

The diagram illustrates the internal structure of the `graphsat::StateSet< T >` class. A central box at the bottom represents the class. Two dashed purple arrows originate from this box: one points to the left towards the `unordered_map` structure, labeled `head_part_elements`, and the other points to the right towards the `vector< vector< T > >` structure, labeled `body_part_elements`.
